

I'm not a robot!

The Economist magazine cover. The title 'The Economist' is at the top left in a large serif font. Below it is a red horizontal bar with the date 'AUGUST 23RD-29TH 2014'. To the right of the date is the website 'Economist.com'. At the top right, there's a list of four articles: 'The lessons from Ferguson's riots', 'Modi's first three months', 'How to crack Nigerian business', and 'Where the warming went'. The main headline 'What China wants' is in a large, bold, black sans-serif font. Below it, in a smaller red font, is 'A SIX-PAGE ESSAY'. The central image is a colorful illustration of a traditional Chinese dragon. The dragon is primarily yellow and red, with blue and green highlights on its head and tail. It has a large, ornate crest on its head and long, flowing whiskers. It is depicted in a dynamic pose, with its front claws gripping a clear sphere that contains a map of the world, specifically showing North America and Europe. The background features stylized white clouds against a light green textured background.
